

\$300,000 Matching Grant

The George S. and Dolores Doré Eccles Foundation has again come to the forefront of investing in our community.

They have officially agreed to a 1:1 matching grant of up to \$300,000 towards the pressing need of a bubble replacement at Wasatch Hills.

Please consider having your donation doubled today!

TEN GREAT REASONS TO CONTRIBUTE

1. The new bubble will replace the current worn-out bubble before it completely deteriorates.
2. Detailed studies over many years show the acquisition of the new bubble is both attainable and economical.
3. With a new cover for four courts at Wasatch Hills, tennis will be available during all 12 months of the year.
4. The project has broad and comprehensive support from the tennis community, donors, potential donors, Salt Lake City and Salt Lake County.
5. The new bubble honors the memory of Coach Mike, helping fulfill his dreams to provide better tennis training and playing for all.
6. The project dramatically decreases bubble maintenance and twice-yearly installation and de-installation costs.
7. The endeavor helps sustain permanent recreational opportunities as our population expands and land availability decreases.
8. A new bubble benefits tennis players at all levels and from all over. Clients come from at least 25 zip codes in the Wasatch Front and Wasatch Back.
9. An improved Wasatch Hills Tennis Center will continue to serve its dedicated and enthusiastic clientele without costly membership dues.
10. Donations are fully tax-deductible for the year they are given. Make checks payable to Coach Mike's Friends of Public Tennis, and mail to P.O. Box 17118, SLC, UT 84117
